Forecast for Saturday 01 Apr 2023

Weather: Cloudy overnight with outbreaks of rain. The rain will quickly clear south early in the morning then a dry day with increasing bright or sunny spells in the afternoon. Cloud and patchy light rain or drizzle returning again during the evening.

Chance of cloud-free hill tops above 800m: 10% becoming 70% by afternoon, becoming 20% during evening.

Low Cloud and visibility: Poor at first with extensive cloud and fog above 400m but improving through the morning as cloud slowly lifts. Good visibility in the afternoon but low cloud becoming extensive again above 600m in the evening.
